Driving and Parking Guidelines: Please refer to page 25 of the Parent/Student Handbook.

Licensed high school students are permitted to bring vehicles to school after permission is granted, and the vehicle permit is received. All drivers are required to drive with extreme caution on and off campus at all times. Students' vehicles must be registered through the school office and have a parking permit displayed as directed. Students shall not be permitted to move vehicles while on campus nor are they allowed to go to their vehicle during any time of the day without permission. Once parked, the vehicle must remain parked until departure with the exception of off-campus lunch privilege or the senior study hall privilege. These privileges are earned privileges and may be revoked at any time. Careless driving and abuse of these rules or additional posted information will result in the loss of the student's privilege of bringing a vehicle to school.
